June 16, 2000

Mr. Steven H. Wisness, Director
United States Department of Energy
Richland Operations
P.O. Box 550
Richland, Washington 99352

Dear Mr. Wisness:

*Re: Review of 100-N Sewage Lagoon Revised Operations and
Maintenance (O&M) Manual, 00-OSS-334, May 10, 2000*

This letter is in response to the updates for the 100-N Sewage Lagoon O&M Manual which were submitted to Ecology, in accordance with State Water Discharge Permit ST 4507, Section S5.G, on May 10, 2000. Your correspondence provided Enclosure 1, a red-line strikeout version; and Enclosure 2, the final version of Sections 1 through 6, and attachment E.

Ecology has reviewed the updates to the O&M Manual and determined the changes to be acceptable. Enclosure 2, the final version of Sections 1 through 6 and Attachment E, hereby becomes an official part of the O&M Manual of the State Water Discharge Permit ST 4507. Enclosure 1, the red-line strikeout version, will be added to the Permit file. If you have any questions, please contact me at (509) 736-3045.

Sincerely,

Kathy Conaway
